### **Junior Boys**

From: National Youth Theatre Monologues: Speeches for young people.

### **HARRI**

In art Tanya Sturridge was absent and Poppy sat in her chair instead. Then Poppy was almost right next to me. She stayed there for the whole lesson, she didn't even move away. It made me go all hot. I couldn't concentrate because I wanted to see what Poppy was doing. She was painting her fingernails. She actually used the paint for pictures to paint her fingernails with. I watched her the whole time. I couldn't even help it. She painted one fingernail pink and the next fingernail green, and then the next one pink again, in a pattern. It took a very long time. She was very careful, she didn't make a single mistake. It was very relaxing. It made me feel sleepy just watching it. Mrs Fraser says inspiration for your mood picture can come from anywhere, from the world or inside you. I got my inspiration from Poppy Morgan's hair. I used Poppy's hair for my yellow. I only didn't tell her for if it ruined it.
